

VEDA COVID-19 Safety Plan

To: All Residents

From: Management

Updated: July 1, 2021

Common Area Facilities

The following measures are designed to protect the health and safety of all residents and guests and to minimize the risk of spreading COVID-19. Along with the rest of the province of BC, we're happy to see the restrictions ease as more and more Canadians get vaccinated. **Click here** for the Government of BC updates. As such, our COVID-19 Safety Plan reflects the following updates:

- Gyms and recreations facilities can operate with normal capacity
- There are no restrictions on indoor or outdoor personal gatherings

MASKS

- Masks are recommended in indoor common areas for residents & guests who are not yet fully vaccinated:
 - You're fully vaccinated 14 days after dose 2
 - Proof of vaccination does not need to be requested by service providers
 - Some people may choose to continue to wear a mask after they're fully vaccinated and that's okay

SYMPTOMS

If you are experiencing any symptoms, do not access any common facilities including club rooms, study rooms, fitness rooms, movie theatre room, play rooms, laundry rooms and the front desk. COVID-19 symptoms may include fever, chills, cough, shortness of breath, sore throat, odynophagia, rhinorrhea, nasal congestion, loss of sense of smell, headache, muscle aches, fatigue, or loss of appetite.

Any residents who test positive for COVID-19 must report this immediately to management at service@vedaliving.ca. Residents who test positive for COVID-19 will be directed to self-isolate for a minimum of 10 days. Anyone who has arrived from outside of Canada, or who is a contact of a confirmed COVID-19 case, must self-isolate for 14 days and monitor for symptoms. BC Self-Assessment Tool: <https://bc.thrive.health/>

It is still recommended to maintain frequent hand washing with soap and water and use of hand sanitizers.

FITNESS ROOMS

- No occupancy limit, no need to sign up for a work-out
- Available hours: Monday-Sunday 7AM to 11PM
